

ATTENTION

CHANGES TO THE FEDERAL S&E SUPPORT SURVEY

Eliminated

- Reporting S&E obligations to Federally Funded Research & Development Centers (FFRDCs) administered by academic institutions
- Reporting research & development and R&D plant obligations to FFRDCs administered by nonprofit institutions

If your agency responds to the National Science Foundation's Federal funds survey, please note that you must continue to report your agency's obligations to FFRDCs administered by academic, nonprofit, and industrial institutions on Table 9.
